

# INTERNATIONAL SOCIETY for the ADVANCEMENT of SPINE SURGERY

THE INNOVATION SOCIETY

## WHO WE ARE

An international scientific and educational society of spinal surgeons, residents, fellows, scientists, allied health professionals and industry leaders.

## WHAT WE DO

We support and provide education and research worldwide into spine techniques, technologies and basic science, and we advocate for the field of spine surgery.

## MEMBERSHIP BENEFITS

### Your Support Matters

ISASS is one of the most active societies addressing advocacy and reimbursement issues. We have a history of successes that benefit the field of spine surgery. Your membership helps fund these essential activities.

▶ **40% discount on annual meeting registration** →

▶ **Subscriptions to ISASS publications including:**

#### *International Journal of Spine Surgery*

- Bi-monthly coverage of the latest scientific and clinical research, and technological innovations
- Special Issues with innovative topics throughout the year

#### *Vertebral Columns*

- Quarterly e-newsletter covering policy, reimbursement, technology, pain management and more

#### *ISASS Policy and Advocacy Newsletter*

- Stay updated on current issues and advocacy efforts

▶ **Your practice details in the Find a Surgeon feature on our website.**

▶ **Members-only access to the ISASS membership directory.**
