

**ISASS Annual Conference 2025:
April 10-12 | Fontainebleau Miami Beach | Miami Beach, FL**

CME Accreditation

Target Audience

This activity has been designed to meet the educational needs of orthopaedic and neurological spine surgeons, residents, fellows and allied health professionals engaged in the science and practice of spine surgery.

Purpose

To increase knowledge and competence of pediatric spinal deformity surgeons in providing optimal patient care.

Course Objectives

Following this activity, the participants should be able to:

- Discuss research results in basic science, treatments and technologies in the field of spine surgery.
- Evaluate and recommend treatment and surgical options for patients with various spine conditions.
- Describe and compare innovative technologies in both assessment and treatment options for various spine conditions.

Joint Providership

This program is jointly provided by Medical Education Resources, Inc. and International Society for the Advancement of Spine Surgery (ISASS).

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Medical Education Resources (MER) and International Society for the Advancement of Spine Surgery (ISASS). MER is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE) and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Physician Credit (In-person attendance)

Medical Education Resources designates this live activity for a maximum of 20.5 *AMA PRA Category 1 Credits™*.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Off-Label Uses

It should be noted that specific medicines and medical devices discussed at this meeting may not yet be specifically cleared by the FDA for use in the United States. It is emphasized that package inserts must be referred to for labeling limitations for products used in the United States.

Disclaimer

The content and views presented in this educational activity are those of the authors and do not necessarily reflect those of Medical Education Resources, ISASS, and/or supporting companies. The authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by

the FDA in their presentations. The opinions expressed in this educational activity are those of the faculty and do not necessarily represent the views of Medical Education Resources, ISASS, and/or supporting companies. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications on dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

DISCLOSURE OF RELEVANT FINANCIAL RELATIONSHIPS

Medical Education Resources ensures balance, independence, objectivity, and scientific rigor in all our educational activities. In accordance with this policy, MER identifies all financial relationships with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Reported relevant financial relationships are mitigated by MER to ensure that all scientific research referred to, reported, or used in a CE activity conforms to the generally accepted standards of experimental design, data collection, and analysis. MER is committed to providing learners with high-quality CE activities that promote improvements or quality in health care and not the business interest of an ineligible company.

The **Faculty** reported the following financial relationships with ineligible companies whose products or services may be mentioned in this activity:

- A. Grants/Research Support
- B. Consulting Fees (e.g. Ad Boards)
- C. Speakers' Bureau
- D. Ownership Interest/Shareholder
- E. Salary
- F. Royalty/Patent Holder

The **faculty** reported the following financial relationships with commercial interests whose products or services may be mentioned in this activity:
